THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Hollis in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Hollis Town Hall in said Hollis on Tuesday, the fifth day of March, next at seven-thirty of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same, to hear the report of the budget committee and pass any vote in relation thereto.
3. To hear reports of selectmen and other town officers and committees.
4. To see if the town will authorize the selectmen to borrow money in anticipation of taxes.
5. To see if the town will vote to accept State Aid for the construction of Class V Roads and appropriate the sum of \$1,251.96 to pay the town's share.
6. To see if the town will vote to allow withdrawal of the money from the Cruiser Capital Reserve Fund.
7. To see if the town will authorize the Selectmen to expend the funds from the Cruiser Capital Reserve Fund toward the purchase of a cruiser.
8. To see if the town will raise and appropriate the sum of \$5,000.00 to be placed in a capital reserve fund towards the purchase of a fire truck.
9. To see if the town will raise and appropriate the sum of \$500.00 to be placed in the Capital Reserve Fund for a town shed.
10. To see if the town will raise and appropriate the sum of \$1,000.00 to be placed in the Capital Reserve Fund of the Fire House.
11. To see if the town will raise and appropriate the sum of \$500.00 to be placed in capital reserve to provide a more adequate Selectmen's Office.
12. To see if the town will raise and appropriate the sum of \$3,000.00 to be placed in capital reserve funds to be used toward the purchase of a grader.

13. To see if the town will raise and appropriate the sum of \$3,000.00 to be placed in capital reserve funds to be used toward the purchase of a loader.

14. To see if the town will raise and appropriate the sum of \$7,500.00 to be placed in the Capital Reserve Fund for use in a solid waste disposal project.

15. To see if the town will vote to authorize the tax collector to accept pre-payment of taxes in multiples of \$10.00

16. To see if the town will vote to authorize the selectmen to expend the funds from the solid waste disposal project.

17. To see if the town will vote to raise the sum of \$25.00 to be expended in cooperation with the New Hampshire Forestry and Recreation Commission for forest fire roads.

18. To see if the town will vote to raise and appropriate the sum of \$1,500.00 to be given to the Merrimack Valley Home Health Care Association, Inc.

19. To see if the town will vote to raise and appropriate the sum of \$500.00 to be given to the Community Council in Nashua.

20. To see if the town will vote to raise and appropriate the sum of \$18,000.00 to be used for the reassessment of all real property in town.

21. To see if the town will vote to authorize the Selectmen to appoint a committee to select and contract with a professional outside appraisal firm or the State Tax Commission for the purpose of reassessing the real property of the town if the prior article is approved.

22. To see if the town will raise and appropriate the sum of \$1,400.00 to be placed in the Library Capital Reserve Fund.

23. To see if the town will authorize the selectmen to withdraw funds from the Library Capital Reserve Fund and expend same.

24. To see if the town will vote to expend the Revenue Sharing Funds in the Police and Fire Depts.

25. To see if the voters will approve the designation of Ridge Road as a scenic road as defined by State Law.

26. To see if the voters will approve the designation of Wright Road as a scenic road as defined by State Law.

27. To see if the voters will approve the designation of Rideout Road as a scenic road as defined by State Law.

28. To see if the town will vote to authorize the selectmen to apply for, contract for, and accept aid relative to disasters should the need arise.

29. To see if the town will vote to raise and appropriate the sum of \$5,000.00 to create a capital reserve fund for tennis courts.

30. To see if the town will vote to authorize the selectmen to expend funds from the Map Fund for continuing development of the tax map.

31. To see if the town will vote to designate the Nashua Regional Planning Commission as the agency responsible for co-ordination region-wide planning for water quality (well water supplies and surface waters) and to participate in the co-ordinated planning and its implementation. This Water Quality Management Planning as required by section 208 of the Water Pollution Control Act of 1972 is a first step toward ensuring the quality of regional water resources both in the town and in the region.

32. To see if the town will authorize and direct the Planning Board to update and extend the Comprehensive Plan of 1971 by the addition of a master plan in order to assure the more orderly growth of the town, said master plan recommendations to be presented to the town no later than Town Meeting 1975.

33. To see if the town will raise and appropriate the sum of \$600.00 to be used to help finance a parking area opposite the Post Office.

34. To see if the town will authorize the Selectmen to expend the monies in the Capital Reserve Fund of the Town Hall.

35. To see if the town would establish an eleventh hour curfew on Town property.

Given under our hands and seal, this 16th day of February, in the year of our Lord nineteen hundred and seventy-four.

HOLLIS FIRE DEPARTMENT YOUR LIFE AND \$

Although fire cost approximately \$2 to \$3 billion each year in the U.S., its most terrible cost is counted not in dollars, but in human misery.

Fire claims an estimated 12,000 lives in this country each year. Of these, about one-third are children. Many hundreds of fire victims are still recovering from serious, often disfiguring injuries.

Countless thousands of Americans had payless paydays when fire interrupted their jobs, and other thousands saw jobs permanently gone when fire wiped out their employer's business. Still others will never recover fully from the financial disaster of a home or business fire.

These are heavy costs to pay for an act of negligence or ignorance. Through knowledge and care, destructive fires can be virtually eliminated.

The National Commission on Fire Prevention and Controls Report "America Burning" stated that "Americans must be educated about fire safety. Most destructive fires are caused by the careless actions of people, largely through lack of concern and ignorance of hazards. Many fires caused by faulty equipment rather than carelessness could be prevented if people were trained to spot the faults before it's too late. And many injuries and deaths could be prevented if people knew how to react to a fire whatever its cause."

In Hollis, our fire prevention reminders and education have proven successful. The town has grown (now over \$22 million in assessed value and over 3 thousand people) but destructive fires have not increased in number. In order to maintain a Fire Department with the capability of advising its citizens, I recommend a full time firefighter with professional capabilities who can also be responsible for other technical Fire Department work.

It would seem out of stride with the character of Hollis to only maintain a Fire Department that just waits for fires and emergencies.

First Aid and Rescue calls have increased in the number of calls per year more than any other type Fire Department responsibilities. Much time has been spent on training, both advanced Red Cross and Emergency Medical Technicians. A discouraging year was 1973, because several serious Medical Emergencies occurred without taking advantage of the Fire Department training and equipment. Very often more physical damage or even death has occurred because of improper handling or waiting too long.

Richard Navaroli
Chief, Hollis Fire Dept.

REPORT OF THE CIVIL DEFENSE DIRECTOR

1973 was a year of no funds, little surplus equipment but thankfully, no major disasters.

The Civil Defense office has moved from the dungeon in the basement in the Town Hall and is now located with its emergency radio antenna in the new town Communication Office. It will be manned only during an emergency.

In December I was again flattered to be invited to a State seminar on Emergency Preparedness at the New England Conference Center, Durham, N.H. This 2 day conference attended by representatives of 13 N.H. towns was paid for by Federal and State funds. In the exchange of mutual ideas and problem areas, I am still of the opinion that while much is still needed in the areas of equipment and services, the Fire and Police Departments of Hollis rate exceedingly high in comparison to other N.H. towns.

It should be noted that the occurrences of low flying Air Force cargo planes over the center of town referred to in my last report have generally diminished. This is due not to my frequent complaints to the N.H. Air National Guard in Concord, but to my final threat of concentrated anti-aircraft fire from a certain hill on Worcester Road.

Lincoln F. Brigham
Civil Defense Director

1973 ANNUAL REPORT

TOWN FOREST COMMITTEE

Resulting from the Hayden Road straightening project in 1972 a great deal of time was spent reestablishing vegetation on the steep bank on the Dickerman lot. Red and white pine seedlings were planted along with crown vetch to stabilize the soil. A straw mulch was put on to reduce erosion and help maintain moisture while the vetch and trees were establishing themselves.

In the Big Dickerman lot borrow pit brush was burned to facilitate an orderly development as described in last year's report.

The beaver control device on Parker Pond was modified, having been located improperly to control water at the desired level. The Dunklee Pond, Parker Pond bog Black Spruce bog complex is now listed in a publication by the Boston Museum of Science on bogs and available study areas.

Revenues generated by the Town Forest during 1973 are as follows:

Lumber (sawlog stumpage)	\$382.10
Gravel	<u>\$163.75</u>
TOTAL	\$545.85

Forestry activities during the past year were a commercial thinning and releasing operation conducted by H. Parkhurst in the Dunklee Dam - Parker Pond area. Also, the Hollis Boy Scouts assisted by members of the Forest Committee released white pine reproduction in the Five Corners area. This was done as part of their SOAR (Save Our American Resources) Project. The boys were greatly enthused, and expressed an interest in continuing the project.

HOLLIS CONSERVATION COMMISSION

1973 Annual Report

The primary efforts of the Commission during 1973 focused on actual and potential land acquisition. In addition, the Commission aided in local school-related activities, including donations of reading material, lectures, demonstrations, nature hikes and the annual clean-up day.

Our sources of available funds for land acquisition come from appropriations at the annual Town Meeting, the Ford Foundation, Federal matching funds and donations. Emphasis is placed on acquisition of additional property because of limited funds to work with and the fact that land values are increasing rapidly each year. Development of existing property can be delayed, but acquisition delays become more costly or may be prevented entirely. Several tracts of land have been donated to the Commission and additional lands are promised or are in the process of being given to the Commission.

The following is a list of property currently held by the Commission:

- Acquired in 1949, Parker Meadow, 10 Acres.
- Acquired in 1949, Sanderson Lot, 13 Acres.
- Acquired in 1953, Howe Lot, $3\frac{3}{4}$ Acres.
- Acquired in 1964, Charleton Lot, $\frac{3}{4}$ Acre.
- Acquired in 1967, Tenney Lot, 3 Acres.
- Acquired in 1968, Quinton Lot, 12 Acres.
- Acquired in 1970, Rich Lot, 10 Acres.
- Acquired in 1971, F. W. Moore Lot, 9 Acres, Gift of Henry Hildreth.
- Acquired in 1973, Spaulding Land, 33 Acres.
- Acquired in 1973, Farley Lot, $3\frac{1}{2}$ Acres, Gift of Irene West.
- Deed Not Yet Recorded, Runnel's Bridge (Lots on each side of Nashua River, plus dam rights), 2 Acres. Gift of Nashua Foundation.

Wetland zoning was incorporated into the zoning ordinances by recommendation of the Commission at the Special Town Meeting held in June 1973. Coupled with the existing Flood Plain zoning land bordering the Nashua River, specific wetlands are now identified on the Town's zoning maps.

We wish to express our sincere appreciation to those who have donated land to the Commission. Other townspeople who wish to donate property or protect it through conservation easements, may contact a member of the Commission or the Selectmen.

HOLLIS RECREATION COMMISSION

ANNUAL REPORT FOR 1973

During the year, the Recreation Commission conducted its regular programs and introduced new ones. During the summer, Tom Lapierre and Don Broderick headed the Little League Baseball. There were seven teams, coached, in addition to Lapierre and Broderick, by Norman Beaulieu, Bob Cook, Tom Jambard, Ralph Johnson and Art Potry. The Babe Ruth League for boys 13 through 15, was coached by Gerry Wilkins. Dave Cook and Bill Marvel organized the summer basketball league for boys of junior high age and included four teams. Dorothy Colson coordinated the summer tennis clinic which consisted of two five-week sessions. There were approximately twenty children and thirty adults participating in the program. The Red Cross swimming lessons, held for two weeks in late June, were organized by Evelyn Lutz and Ellen Davison. There were 19 classes from beginner to senior life saving attended by almost 190 students.

Winter activities began with a Ski and Skate Swop at the town hall in November, followed by ski lessons for school children at Indian Head Ski Area, with about 45 youngsters participating. Basketball programs for boys and girls were held on Saturday mornings throughout the winter in the high school gymnasium. The coaches were Mildred Lyford, Carolyn Luce and Joyce Wright for the girls; and George Clark and John Montesi for the boys. Forty children took part in this program.

The new activities in 1973, were the organization of a student tennis team and a girls' summer softball program. The tennis team is comprised of close to 20 youngsters from the elementary through high schools. The softball program was organized by Martha Parkhurst who was assisted by Jackie Leitch and Ellen Davison. There were about 10 girls participating in this activity.

During the summer months, work on the track continued. After failure to receive help from town equipment, several construction operations were contacted for prices and time schedules. An agreement with one outfit failed to progress and other arrangements were made with Peter Bell's Trucking and Construction operation in Hollis. In last Fall of 1973, Peter Bell brought in over 560 yards of gravel and 30 feet of solid pipe. All of this plus bulldozer, time, rake equipment and work done, still did not bring the track up to proper level.

PLAN PREPARED BY
OFFICE OF COMMUNITY RECREATION
DEPT. OF RECREATION AND ECONOMIC DEVELOPMENT
STATE OF N.H.

A considerable amount of time, materials and effort has been expended, and we still do not have our track. Your present recreation commission feels that we should move now to complete the project and get it into use by the school and available to the townspeople.

More leveling and grading needs to be done and a top coat of processed gravel has to be applied. Volunteers will be needed when Spring arrives to assist in final grading. This matter had been brought to the attention of the selectmen in hopes that the town equipment can be used to help complete the track.

In October, the recreation commission held an open meeting in the town hall in order to determine what kinds of recreation and facilities the townspeople want. Many good ideas were presented and the commission is presently acting on them. From this meeting, there developed a Monday night mens' basketball team and a womens' evening basketball program. Also, a list of all town organizations was compiled by the commission from a suggestion made at the open meeting.

The commission feels that the best use and proper development of the Heebe-Nichols Recreation Field on Depot Road is of prime importance. One of the reasons is brought out in the December 1973, Kipling Washington Letter which states that there will be an "accent on local sports and entertainment for the next few years while fuel is tight." Mr. Richard Tapply, director of the office of Community Recreation Service, in Concord, was asked to assist in the development of the field, and Donald Smith of Hollis donated his services to survey and map the field for the commission. This map is being used by Mr. Tapply to determine the best use of the recreation field.

The present facilities on the field include two tennis courts, a basketball court, a quarter mile track and a horse ring. The horse ring was started in the fall by the Adult Horsemanship Club, the 4-H and the Horse and Hack Club.

The commission investigated the possibility of having an area for ice skating that would be maintained by the town. This was discussed with the selectmen. If there is enough interest, the commission feels this can be done.

A town swimming facility was also investigated. Dunklee's Pond, the original site looked into, was ruled out. However, other areas are being considered by the commission in conjunction with the selectmen.

There was a membership change in the Recreation Commission during 1973. The year began with Gerald Wilkins, chairman; Everdean Hills, treasurer; Janet Pitman, secretary; Donald Spence and David Jeynes. In January, Janet Pitman resigned and her position was filled by Ellen Davison. Gerald Wilkins and Everdean Hills resigned in August, Jack Law and Mildred Lyford were appointed new members.

The recreation commission wishes to thank all the people who helped in the various activities during the year. We welcome ideas you feel will be of benefit to the program.

Respectfully submitted,

David Jeynes, Chairman
Ellen Davison, Secretary
Mildred Lyford, Treasurer
Donald Spence
Jack Law

MERRIMACK VALLEY HOME HEALTH CARE ASS'N., INC.

ANNUAL REPORT

The demand for and complexity of health services required by the citizens of Hollis continues to grow as the population of the town expands.

Our staff made 970 skilled nursing, 71 physical therapy and 10 occupational therapy visits in fiscal 1972 - 1973 in Hollis.

Four clinic sessions for immunizations were attended by 355 children who received 515 injections. There was no charge for any clinic services. Follow-up and referrals to state cardiac, orthopedic, pediatric and specialized clinics continued at a record pace.

Financial problems were noted among citizens with assistance being given in referrals for welfare funds, surplus foods and other aids as available.

Our staff consists of a Director/Supervisor, Mrs. Dorothy Marcek, B.S., R.N., two staff nurses, Mrs. Holly Bricker, B.S., R.N., and Mrs. Lois Thompson, R.N., a physical therapist, Mrs. Phyllis Onksen, R.P.T., an occupational therapist, Mrs. Mary Reed, O.T.R., and a Secretary, Mrs. Betty Greenleaf. In October, 1973 our Homemaker - Home Health Aide program began with four part-time trained aides, Mrs. Shirley Foret, Mrs. Nancy Leppanen, Mrs. Eva Leahy, and Mrs. Leanne Norton, and their supervisor, Mrs. Lois Thompson, R.N., providing service to a variety of patients in their homes. This service has been funded initially through a Title IV A grant and has proved to be very worthwhile.

Documentation and accountability demands continue to become more complex as new Federal guidelines appear and new regulations are voted in. Our agency continues to be under wage-price regulations and is accountable to the Cost of Living Council. Overhead costs to provide service continue to climb at the same time state funding has all but disappeared.

We did apply for funding in 1974 to the Manchester, Nashua and Lowell United Funds. Manchester did not grant the request, Lowell did not act on the request and Nashua granted our request for funding to assist us in obtaining adequate staff for the growing caseload.

Participation in state health programs and educational programs continued as staff time was available. A multi-phasic screening program was co-sponsored with the Nashua Visiting Nurses at the Medi-Fair in the Nashua Mall.

Referral systems could be strengthened in Hospitals and via physicians which could help the ill to locate us as a source of help.

Board members from Hollis are, Mrs. Hollis Nichols, Mrs. Herbert Higginbotham and Mrs. Philip Brickley.

HIGHWAY DEPARTMENT REPORT

Again in '73 our problem was ice which makes for very hazardous driving. Very little can be done until the storm has stopped especially if the storm is a hard rain on frozen ground or a moderate freezing sleet the storm will either wash off or cover any material applied.

Our summer work progressed very well considering the funds and help available. The weather was quite damp which kept the gravel roads in much better shape. Much more gravel was applied than usual which called for an over draft in the highway budget. This was a long overdue necessity because of the lack of funds granted by the Budget Committee. Additional funds have been recommended by this department for some time for this purpose. If the rumors circulating are true that the gravel in the pit off Rideout Road is to be moved out of Town, the bank run gravel situation in Hollis will become very serious as all other gravel in town that we have found available is filled with stones too large to use and too expensive to process through crushing. I would suggest that as much gravel as possible be applied to the thirty odd miles of gravel road remaining in Hollis before this situation occurs.

Some 200 feet of culvert pipe ranging from 12 inches to 3 feet in diameter was installed on Pierce Lane, Farley Road, Deacon Lane and Van Dyke Road.

The usual ten miles plus were re-surfaced with sand and liquid asphalt. In '74 if the past schedule is followed, the Pine Hill, Wheeler Road section is due for a treatment and we would like to recommend a honing procedure to be followed, to try and eliminate some of the rough spots. This will cost about twice the usual amount of \$1,000.00 per mile but should improve the surface and is less expensive than rebuilding. I hope the Budget Committee will take into consideration this extra expense so that the improvement can be made.

T.R.A. again this year was a hard slow program due to the large boulders and much ledge which had to be removed with not much room to work in due to the narrow right of way. Approximately one half mile is ready for the final coat of gravel and mix. The next section should be much easier.

Approximately two miles of new road was accepted by the Town this year and another two miles are in the making for 1974.

It is after much consideration I will not be a candidate for Road Agent in 1974. After twenty-four years of very exciting and challenging and some disappointing experiences I wish to thank all who have contributed so much in making my efforts as your Agent a privilege I will never forget. I leave hoping that I have done some little bit in making Hollis a good place to live.

Respectfully,
Charles F. Dow

DOG OFFICER'S REPORT

1973 was a busy year with 321 complaints about dogs, some restraining orders resulting.

406 calls received not including those at the communications center. Fifty-four dogs were hit by motor vehicles.

There were also twenty-six cases of dogs biting adults and children.

Ernest G. Pratt

CEMETERY, PARKS, AND PLAYGROUNDS

Spring and Summer of '73 were extremely wet resulting in difficulty keeping up with grass growth in both playgrounds and cemeteries.

Labor continues to be a problem. Extra effort in the North Cemetery allowed us to get loam spread and seeded down. More work is necessary to get the new area of the north yard in shape.

East Cemetery fence was painted. More effort by the Cemetery Commission will be concentrated in this yard in '74.

The fence at the South Yard needs a great deal of work and will get attention in '74.

Vandalism continues to be a problem in all the cemeteries. Any unusual activity that is observed by townspeople should be reported to the police or your sexton.

Ernest G. Pratt

AUDITOR'S REPORT TOWN OF HOLLIS, N.H.

We have examined the accounts of Selectmen, Treasurer, Tax Collector, Town Clerk, Library Trustees, Trust Funds, and all Special Reserve Funds for the year ending December 31, 1973 and find the receipts and payments correctly cast and properly vouched.

Marion A. Brigham
Leonard White
Auditors

REPORT OF THE BUILDING INSPECTOR

Building Permits Issued During The Year 1973 Were As Follows

Single Family Residences	74
Additions to Residences	22
Barns	8
Garages	8
Swimming Pools & Fences	10
Greenhouses	2
Garden Shop	1
Carports	2
Storage Buildings	7
Addition to Storage	4
Apple Storage	1
Tool Shed & Dormitory	1
Bank & Office Building	1
Signs	3
TOTAL	144
Permits for Sewage repairs	9

The number of permits issued for residences in Hollis during the year 1973 was the largest in memory. The increase numerically, including mobiles homes from one year to the next was less in 1973 than in 1972, and also less in 1972 than in 1971.

The percentage increase has fallen dramatically from 85% in 1971, to 40% in 1972 and only 15% in 1973.

The estimated cost of construction of new buildings in 1973 was more than two and one-half million dollars, well above any previous year. This is about a 10% increase in the tax base. With a tax rate of \$40.00 per thousand, this new construction would bring in approximately one hundred thousand dollars of new revenue for the town.

Clarence L. Howe
Building Inspector

**ANNUAL
TOWN MEETING**

ANNUAL TOWN MEETING – MARCH 6, 1973

The meeting was called to order by Moderator Herbert Higginbotham at 7:30 A.M. Voting continued for the election of Town Officers until 7:05 p.m. The vote was announced at 9:20 P.M. The meeting was recessed at 9:30 P.M. until Friday, March 9 at 7:00 P.M.

The meeting was reconvened at 7:00 P.M. March 9 in Walters Auditorium by Moderator Higginbotham who offered prayer. Articles in the warrant were then acted on. Selectman Frank Whittemore went through the comparative statement for 1972 as printed in the Town Report. He also discussed the budget.

Motion by Paul Bosquet to increase the Police Budget by \$2,000.00. Seconded. Carried.

Motion by Gerald Wilkins to increase the Recreation Budget by \$600.00. Seconded.

Motion lost by a vote of hands. 86 NO - 68 YES.

Motion by Fred Gemmill to accept the figure of \$20,100.00 in the budget for a communication center. Seconded. Carried.

In a discussion of interest payments on Temporary Loans, Fred Gemmill made a motion that the Selectmen study whether or not to change the Town's fiscal year so that tax collections would be made closer to the beginning of the year thereby saving on interest payments on temporary loans. Seconded. Carried.

Motion by John Quick that the Selectmen write a letter of thanks to the Nichols family for their gift to the Town of \$10,000.00 to establish a memorial fund in memory of Charles J. Nichols to provide care and improvement for the two playing fields. Seconded. Carried.

ARTICLE 2 – Action on this article was postponed until other articles were voted on.

The moderator, with the approval of the meeting members, employed an automatic motion and seconding procedure for the following articles.

ARTICLE 3 – Motion to accept the reports of Town Officers as printed in the Town Report. Seconded. Carried.

ARTICLE 4 – Motion to authorize the Selectmen to borrow money in anticipation of taxes. Seconded. Carried.

ARTICLE 5 – Motion to accept state aid for the construction of class V roads and appropriate the sum of \$1,264.58 to pay the town's share. Seconded. Carried.

ARTICLE 6 – Motion to allow withdrawal of \$3,000.00 from the cruiser capital reserve fund. Seconded. Carried.

ARTICLE 7 – Motion to authorize the Selectmen to expend the funds from the cruiser capital reserve funds toward the purchase of a cruiser. Seconded. Carried.

ARTICLE 8 – Motion to raise and appropriate the sum of \$5,000.00 to be placed in the capital reserve funds toward the purchase of a fire truck. Seconded. Carried.

ARTICLE 9 – Motion to raise and appropriate the sum of \$500.00 to be placed in the capital reserve funds of the town's shed. Seconded. Carried.

ARTICLE 10 – Motion to raise and appropriate the sum of \$1,000.00 to be placed in the capital reserve funds of the fire house. Seconded. Carried.

ARTICLE 11 – Motion to raise and appropriate the sum of \$500.00 to be placed in the capital reserve funds to be used to provide a more adequate Selectman's office. Seconded. Carried.

ARTICLE 12 – Motion to raise and appropriate the sum of \$3,000.00 to be placed in the capital reserve funds to be used toward the purchase of a grader. Seconded. Carried.

ARTICLE 13 – Motion to raise and appropriate the sum of \$3,000.00 to create a capital reserve fund for a loader. Seconded. Carried.

ARTICLE 14 – Motion to raise and appropriate the sum of \$10,000.00 to be placed in capital reserve fund for use in a solid waste disposal project. Seconded. Carried.

ARTICLE 15 – Motion to authorize the Selectmen to expend the funds from the solid waste disposal project. Seconded. Carried.

ARTICLE 16 – Motion to authorize the tax collector to accept payment of taxes in multiples of \$10.00. Seconded. Carried.

ARTICLE 17 – Motion to raise and appropriate the sum of \$25.00 to be expended in cooperation with the New Hampshire Forestry and Recreation Commission for forest fire roads. Seconded. Carried.

ARTICLE 18 – Motion to raise and appropriate the sum of \$3,000.00 to be given to the Merrimack Valley Home Health Care Association, Inc. Seconded. Carried.

ARTICLE 19 – Motion to raise and appropriate the sum of \$500.00 to be given to the Community Council in Nashua. Seconded. Carried.

ARTICLE 20 – Motion to approve the designation of Worcester Road as a scenic road as defined by State Law. Seconded. Carried.

ARTICLE 21 – Motion to approve the designation of North Pepperell Road and Flagg Road as Scenic Roads as defined by State Law. Seconded. Carried.

ARTICLE 22 – Motion to approve the designation of South Merrimack Road as a scenic road as defined by State Law. Seconded. Carried.

ARTICLE 23 – Motion to approve the designation of Wheeler Road and Hardy Lane as scenic roads as defined by State Law.

ARTICLE 24 – Motion to authorize the Selectmen to appoint a cemetery commission to supervise the care of the cemeteries, parks and playgrounds. Seconded. Carried.

ARTICLE 25 – Motion to transfer \$14,225.00 and interest present in the revenue sharing fund to general fund to be used for the Police Department. Seconded. Carried.

ARTICLE 26 – Motion to expend the 1973 revenue sharing fund in the Fire Dept. Seconded. Motion by Jack Boyd to amend this article to read Police and Fire Departments. Seconded. Carried. Motion by Jack Boyd to accept this article as amended. Seconded. Carried.

Motion by Richard Walker to give a rising vote of thanks to Milton Wright for his 50 years of service to the town as an elected official, as Selectman and as Town Treasurer. Seconded. Carried.

Motion by George Whelton that the Planning Board appoint a committee of citizens to investigate the needs and requirements of declaring a moratorium on residential construction and report back to the Selectmen. Seconded. Carried.

ARTICLE 2 – Motion by Jack Boyd to accept the budget as printed and to include the following additions already voted: Police Dept. \$2,000.00; Merrimack Valley Health Care Assoc., Inc., \$1,500.00; Police Cruiser \$3,000.00. Seconded. Carried.

The meeting was adjourned at 10:55 P.M.

**STATE OF NEW HAMPSHIRE
DEPARTMENT OF REVENUE ADMINISTRATION**

Selectmen of Hollis
Richard Walker, Chr.
RFD No. 3
Nashua, New Hampshire

Gentlemen:

Your Summary Inventory of Property Valuation and Statement of Appropriations have been approved. You may proceed with the assessment of 1973 taxes on the basis of the following figures:

Net Assessed Valuation	24,994,602.00
------------------------	---------------

Taxes Committed to Collector:

Town Property Taxes Assessed	<u>\$974,789.47</u>
------------------------------	---------------------

Precinct Taxes Assessed

Total Gross Property Taxes	\$974,789.47
----------------------------	--------------

Less: Est. War Service

Tax Credits	<u>-12,650.00</u>
-------------	-------------------

Net Property Tax Commitment	\$962,139.47*
-----------------------------	---------------

Tax Rate	\$3.90
----------	--------

Municipal	\$.29
-----------	--------

County	.16
--------	-----

School	<u>3.45</u>
--------	-------------

	3.90
--	------

* The amount of property tax commitment is subject to adjustment by reason of any increase or decrease in War Service Tax Credits which may result based on the above approved rate.

In the event any adjustment was made in the Appropriations Section we have enclosed a copy of the changes. Revenues and Credits have been approved as shown on the enclosed copy of the third page of the Statement of Appropriations.

The net amounts approved for school and county are as follows:

Net School Appropriations	\$872,534.42
---------------------------	--------------

County Tax Assessment	\$ 41,358.40
-----------------------	--------------

In arriving at the above approved rate the Overlay has been set in the amount of \$9,114.07.

Very truly yours,
Lloyd M. Price, Commissioner

Selectmen
Town Hall
Hollis, N.H. 03049

Gentlemen:

We are pleased to inform you that we have arranged for the purchase, in the name of the Town of Hollis, of \$10,000 of value in the shares of Northeast Investors Trust. We will instruct the Trust to reinvest the March dividend and send the other three quarterly payments to the Town in accordance with the terms of the gift. It is our intention to complete the gift next year with an additional donation of \$5,000. This gift plus the reinvested income will soon bring the fund to the position of having \$1500 of usable income per year, which figure should gradually increase over the years barring very adverse economic conditions.

Although the principal purpose of the gift is to maintain and care for the two fields given the Town by Charles J. Nichols, the selectmen may feel free from time to time to use the funds to purchase equipment that would be helpful in maintaining the fields and other public areas which contribute to the attractiveness and orderliness of the Town.

If the selectmen wish to consider consolidation of the small fund left by my father for the maintenance of the Common with this fund we would be happy to discuss an appropriate broadening of the wording of the gift and possible further additions to the fund - from time to time.

Sincerely,

Hollis P. Nichols

Jan. 7, 1974

Hollis P. Nichols

Hollis, N.H.

Dear Sir:

On behalf of the Board of Selectmen and the Town of Hollis, may we convey to you our most sincere appreciation for your long time interest in our town. Your increase and broadening of the size and scope of the Nichols Fund, in memory of Charles J. Nichols, will provide long range support for the two fields to serve all the residents in a meaningful way. It would appear that consolidating the smaller Nichols Fund with the new one would be a wise course. We will keep your letter of December seventeenth among the town papers, so future Selectmen will understand your wishes.

Sincerely yours,

R. Walker

F. Allen

F. Whittemore

Selectmen of Hollis

SPECIAL TOWN MEETING

JUNE 5, 1973

Moderator Herbert Higgenbotham opened the meeting in the Lower Town Hall at 7:30 P.M. He read the warrant as follows:

That the moderator appoint a special unpaid advisory committee of three persons, in accordance with RSA 53-B, to be known as the Regional Refuse Planning Committee to work with the Regional Planning Commission and the towns of Brookline, Amherst and Mont Vernon to make recommendations at town meeting for upgrading the method of solid waste disposal in the town to meet state standards set by the New Hampshire Air Pollution Control Commission regulation No. 2 which sets termination dates for open burning.

Motion by Barbara Quick that the Moderator appoint such a committee. Seconded. Carried.

Motion by William Bonneville to adjourn the meeting. Seconded. Carried.

The meeting was adjourned at 7:40 P.M.

PLANNING BOARD ANNUAL REPORT

The Planning Board has had a very active year, holding 12 regular monthly meetings, 6 special meetings, and 7 hearings. Forty-five applications for simple division of land, and 4 applications for subdivision of land were reviewed and approved during the year, for a total potential of 113 new homes. The first Planned Unit Development subdivision and one conventional subdivision, with a total potential of 42 new homes, are presently under review.

A Regional Refuse Disposal District Committee was approved by special town meeting in June, and formal efforts have been under way for initiation of a Regional Refuse District (see report elsewhere).

Preliminary test borings have been completed for a proposed local land fill site. The Geologist's formal report will be submitted for State review. The present town dump must be phased out by July 1, 1975 in accordance with State Law; as a consequence this subject is becoming critical.

Public hearings were held during May and June, 1973 resulting in a Wetland Conservation District being added to the Zoning Ordinance, approved July 10, 1973. This addition has provided the Planning Board with a much-needed tool in better controlling land use in the Town. Participation in these hearings by the residents of Hollis in person and by letter has been most helpful.

Property map effort is continuing under the very major efforts of A. Chandler and F. Gemmill. Over two-thirds of the total land area has been plotted. A property record and index system has now been established to go with the property map. House numbers form a part of the location system.

Funds expended during the year were for mailings, printing of notices and of ordinances, and most recently, for geological test borings.

Effort is under way for major improvements of the Land Subdivision Regulations, with hearings scheduled for early in 1974. A Master Plan is under consideration as an extension of the 1971 Comprehensive Plan.

Meetings for 1974 will be held on the 3rd Monday of each month in the Town Hall, starting at 7:30 P.M. All meetings are open to the public. The Board recommends any persons concerned with major changes in land use to discuss their plans with the Board in advance of formal submission.

REPORT OF THE REGIONAL REFUSE DISPOSAL PLANNING COMMITTEE

At the Special Town Meeting, June 5, 1973, the town of Hollis, as well as the towns of Amherst, Brookline and Mont Vernon, voted in favor of establishing a Regional Refuse Disposal Planning Committee in accordance with RSA 53-B. The committee's responsibilities included studying the advisability of establishing a regional refuse disposal district; ways for the organization, operation and control of such a district; and methods of selecting, constructing, maintaining and operating a refuse disposal facility to serve the needs of the district.

A regional refuse disposal district, established under the provisions of RSA 53-B, is a body politic and corporate with the following powers and duties: 1. To adopt a name and corporate seal; 2. To sue or be sued, but only to the same extent and upon the same conditions that a city or town may be sued; 3. To purchase, or take by eminent domain, land within the member towns of the district for the regional refuse facility; 4. To incur debt for the purpose of acquiring land and for planning, constructing and equipping a refuse disposal facility for a term not exceeding 30 years; 5. To issue bonds and notes; 6. To receive and dispense funds for any district purpose; 7. To incur temporary debt in anticipation of revenue to be received from the member towns; 8. To assess member towns for any expense of the district; 9. To receive grants or gifts; 10. To engage legal counsel; 11. To submit an annual report to each of the member towns; 12. To employ an executive director and such other employees necessary to operate the district; 13. To adopt an annual operating budget; 14. To enter into contracts for refuse disposal.

The powers, duties and liabilities of a regional refuse disposal district are vested in, and exercised by, a regional refuse disposal district committee organized in accordance with the agreement for the formation of the district. The proposed agreement, Appendix I, also contains the provisions setting forth the sharing of costs, the general area in which the refuse disposal facility shall be constructed, the terms by which another city or town may be admitted to the district, the method by which a member town may withdraw from the district, the method by which the agreement may be amended, the disposition of exhausted and inactive landfill sites and the procedure for the preparation and adoption of the annual budget.

The investigations of this committee, as well as data developed by the Amherst Air Pollution Committee, indicate that a sanitary landfill is the only economic solution to the region's solid waste problem for the near future. The proposed regional refuse disposal facility was developed around the fact that there is a landfill site within Amherst that has received state approval subject to receipt and final approval of an operational plan. The regional refuse district concept would initially utilize this site as the sanitary landfill and thereby establish Amherst as the initial host town. The towns of Brookline, Hollis and Mont Vernon would establish local collection sites which the citizens of the respective towns would use for the disposal of refuse. The operation and method of transfer of refuse from the collection sites to the landfill site came under the responsibility of the district.

The subject of recycling also received investigation by the planning committee. Present recycling efforts by communities generally are dependent upon efforts of volunteer groups and the services of town trucks and equipment. At this time it is felt that recycling is more feasible at the local level, rather than the regional level, particularly if volunteer help is utilized. Therefore, Hollis has the option of operating a recycle program at the collection point. As the value and demand for recycling increases in the future, at that time, then, it would appear to be economically realistic to operate recycling on a regional basis.

Based on the information received, discussed and evaluated by the planning committee, the following findings and recommendations are made:

1. That it is feasible and advisable for the town of Hollis to join and become a member town of a regional refuse disposal district with the towns of Amherst, Brookline and Mont Vernon. This recommendation received the endorsement of the planning committees from all of the participating towns.
2. That the regional concept of operating a refuse disposal facility has economic advantages, particularly in the future where a combined effort could more easily make utilization of technological advancements in refuse disposal.
3. That upon approval of a regional refuse district, the district committee study, in detail, the methods and associated costs for collection and transfer of refuse.

4. That upon approval of a regional refuse district, the district committee investigate potential new markets for recycled materials and further evaluate the potential of regional, rather than local, recycling programs.

5. That upon approval and subsequent operation of a regional refuse district, the old dump be properly closed, covered, graded and seeded unless utilized as a collection point.

6. That the town of Hollis continue efforts to investigate and evaluate land within the town for use as a sanitary landfill.

7. That the town of Hollis take options and plan for the purchase of land which is suitable for use as a sanitary landfill.

Robert G. Christianson,
Chairman

Robert Veale
Robert I. Davison

AGREEMENT

Agreement among the towns of Amherst, Brookline, Hollis and Mont Vernon with respect to the formation of a Regional Refuse District.

This agreement is entered into pursuant to Chapter 53-B, Revised Statutes Annotated of New Hampshire as amended among the towns of Amherst, Brookline, Hollis and Mont Vernon, hereinafter sometimes referred to as member towns. In consideration of the mutual promises herein contained, it is hereby agreed as follows:

SECTION I – THE REGIONAL REFUSE DISPOSAL DISTRICT COMMITTEE

A) Composition

The powers and duties of the regional Refuse District shall be vested in and exercised by a Regional Refuse Disposal District Committee, hereinafter sometimes referred to as the Committee.

1. Each participating town shall be represented by one (1) committee member plus one (1) additional member for each additional 5,000 population or part thereof over the first 5,000.

2. Members of the District Committee shall be appointed by the selectmen of each town for a term of three (3) years except that the initial terms shall be: Amherst, one (1) member for one (1) year, plus one (1) member for three (3) years; Brookline, one (1) member for two (2) years; Hollis, one (1) member for one (1) year; Mont Vernon, one (1) member for two (2) years.

B) Vacancies

If a vacancy occurs among the members, selectmen of the town involved shall, within thirty days after such vacancy occurs, appoint a member to serve.

C) Organization

Within thirty (30) days of the appointment of the members of the initial committee and annually thereafter at the first regular meeting of the Committee held in the month of April the Committee shall organize and choose by ballot a chairman from among its own membership.

At the same meeting or at any other meeting the Committee shall appoint a treasurer and secretary who may be the same person but who need not be members of the Committee, choose such other officers as it deems advisable, determine the terms of office of its officers (except the chairman who shall be elected as provided above), and describe the powers and duties of any of its officers, fix the time and place for its regular meetings and provide for the calling of special meetings.

D) Powers and Duties

The Committee shall have all the powers and duties conferred and imposed upon regional refuse disposal district committees by law and conferred and imposed upon it by this agreement, and other additional powers and duties as are specified in Chapter 53-B - Revised Statutes Annotated and any amendments thereof or additions thereto, now or hereafter enacted, or as may be specified in any other applicable general law or specified law.

E) Quorum

The quorum for the transaction of business shall be a majority of the Committee but a number less than a majority may adjourn.

SECTION II – LOCATION OF REGIONAL REFUSE DISPOSAL FACILITY

The Regional Refuse Disposal Facility shall be located within the geographical limits of the District, and the Committee shall establish a permanent mailing address so as to legally conduct business as authorized by the State of New Hampshire. The initial site shall be located within the boundaries of the Town of Amherst.

SECTION III – APPORTIONMENT AND PAYMENT OF COSTS

A) Classification of Costs

For the purpose of apportioning assessments levied by the District against member towns, costs shall be divided into three (3) categories: capital costs, operating costs, and transfer costs.

B) Capital Costs

Capital costs shall include all expenses in the nature of capital outlay such as the cost of acquiring land, the cost of constructing, reconstructing, or adding to buildings, the cost of constructing roads, the cost of consulting services, the costs of any equipment necessary for the operation of a Refuse Disposal Facility, and any other related costs incidental to the preparation of such a facility. Capital costs shall also include payment of principal of and interest on bonds, notes or other obligations issued by the District to finance capital costs.

C) Operating Costs

Operating costs shall include all costs not included in capital costs as defined in Section III (B) but including interest on temporary notes issued by the District in anticipation of revenue but excluding transfer costs.

D) Transfer Costs

Direct costs associated with member town transfer point(s) to the regional landfill facility.

E) Apportionment of Capital Costs

Capital costs shall be apportioned among the member towns and charged annually on the basis of the most recent available final equalized valuations as established by the State Tax Commission Pursuant to General Law, Chapter 71, New Hampshire RSA as amended. Each member town shall pay their share of the capital costs in the proportion that their equalized valuation bears to the aggregate of the equalized valuations of all member towns.

F) Apportionment of Operating Costs

Operating costs following the establishment of the Regional Refuse District and for every fiscal year thereafter shall be apportioned to each member town in the proportion that the estimated volume of the refuse to be received by the facility from such town, during such year, bears to the aggregate estimated volume of refuse to be received by the facility from all the member towns in such year.

Within five months of the end of each fiscal year, a determination shall be made as to the actual operating costs of the facility for such year and the actual volume of refuse received from each member town by the facility during such year.

Such determination shall be used when preparing the budget for the second succeeding fiscal year to provide adjustments to each member town's share of such budget. Such adjustments shall be made by charging or crediting each member town with the difference between the amount of operating cost apportioned to it for the second preceding fiscal year upon the basis of the estimated operating cost and the estimated volume of refuse for such year and the amount of operating cost which would have been apportioned to it if the actual operating cost and the actual volume of refuse for such year had been used when the budget had been prepared for such year.

G) Apportionment of Transfer Costs

Transfer costs are to be based on the allocation of container miles used to transfer refuse from the town transfer point to the regional landfill facilities.

H) Times of Payment of Apportioned Costs

Each member town shall pay to the District in each fiscal year its proportionate share, certified as provided by subsection IV (C), of the capital and operating costs. Except as otherwise provided in subsection IV (A) or in subsection IX the annual share of each member town shall be paid in such amounts and at such times that at least the following percentages of such annual share shall be paid on or before the dates indicated, respectively:

July 10	25%
October 10	50%
January 10	75%
April 10	100%

SECTION IV – BUDGET

A) Initial Budget

After the original committee is organized, it shall prepare a reasonably detailed operating and maintenance budget covering expenses, if any, for the balance of the then fiscal year. Copies of such proposed budget shall be submitted to the chairman of the finance or advisory committee of each member town, or if there is no finance or advisory committee in a member town, to the chairman of the board of selectmen of such town for its consideration. A budget shall be adopted not earlier than fourteen days but within thirty days after the proposed budget has been so submitted. The amount of the said budget shall be apportioned among the member towns according to the provisions of Section III herein. The regional district treasurer shall certify to the treasurer of each member town its respective shares of said budget. The sums thus certified shall be payable by each member town to the Regional Refuse Disposal District Committee.

B) Tentative Operating and Maintenance Budget

Thereafter the Committee shall annually prepare a tentative budget for the ensuing fiscal year, attaching thereto provisions for any installment of principal or interest to become due in such fiscal year on any bonds or other evidence of indebtedness of the District and any other capital costs to be apportioned to the member towns. The said Committee shall mail a copy thereof to the chairman of the board of selectmen and the finance or advisory committee, if any, of each member town on or before November 15, in such detail as the Committee may deem advisable.

C) Final Operating and Maintenance Budget

The Committee shall adopt an annual operating and maintenance budget, including debt and interest charges and any other current capital costs as separate items, on or before December 21 for the ensuing fiscal year and the said Committee shall apportion the amounts necessary to be revised in order to meet the said budget in accordance with the provisions of Section III. The amount so apportioned to each member town shall, prior to December 31 of each year preceding the fiscal year to which said budget relates, be certified by the district treasurer to the selectmen of such towns.

SECTION V – TRANSFER POINT

Each member town, except the host town, shall be responsible for the establishment of a collection point subject to the approval of the District Committee. Transfer containers to be provided by the District Committee.

SECTION VI – AMENDMENTS

A) Limitation

This agreement may be amended from time to time in the manner hereinafter provided, but no such amendment shall be made which shall substantially impair the rights of the holders of any bonds or other notes or other evidence of indebtedness of the District then outstanding, or the rights of the District to procure the means for payment thereof, provided that nothing in this section shall prevent the admission of a new town or towns to the District subject, however, to provisions as found in Section VIII of this agreement, and the reapportionment accordingly of capital costs of the District represented by bonds or notes of the District then outstanding and of interest thereon.

B) Procedure

Any proposal for amendment, except a proposal for amendment providing for the withdrawal of a member town (which shall be acted upon as provided in Section VIII), may be initiated by a vote of a majority of all members of the Committee. The secretary of the Committee shall mail or deliver a notice in writing to the board of selectmen of each of the member towns that a proposal to amend this agreement has been made and shall enclose a copy of such proposal. The selectmen of each member town shall include in the warrant for the next annual or special town meeting called for the purpose, an article stating the proposal or the substance thereof. Such amendment shall

take effect upon its acceptance by all the member towns, acceptance by each town to be by a majority vote at a town meeting as aforesaid.

SECTION VII – ADMISSION OF NEW TOWNS

By an amendment of this agreement adopted under and in accordance with Section VI above, any other town or towns may be admitted to the Regional Refuse District upon adoption as therein provided of such amendment and upon acceptance by the town or towns seeking admission of the agreement as so amended, and also upon compliance with such provisions of law as may be applicable and such terms as may be set forth in such amendment, provided that any lease or agreement which the District may be a party to would not be violated or voided.

SECTION VIII – WITHDRAWAL

A) Limitations

The withdrawal of a member town from the District may be affected by an amendment to this agreement in the manner hereinafter provided by this section. Any member town seeking to withdraw shall, by vote at an annual or special town meeting, request the Committee to draw up an amendment to this agreement setting forth the terms by which such town may withdraw from the District, provided that the said town shall remain liable to the District for its share of the indebtedness of the District outstanding at the time of such withdrawal, and for interest thereon, to the same extent and in the same manner as though the town had not withdrawn from the District.

B) Procedure

The clerk of the town seeking to withdraw shall notify the Committee in writing that such town has voted to request the Committee to draw up an amendment to the agreement (enclosing a certified copy of such vote). Thereupon, the Committee shall draw up an amendment to the agreement setting forth such terms of withdrawal as it deems advisable, subject to the limitation contained in subsection VI (A). The terms of withdrawal shall insure that the withdrawing town will pay its share of any temporary borrowing in anticipation of revenue which may be outstanding at the time of withdrawal. The secretary of the Committee shall mail or deliver a notice in writing to the board of selectmen of the withdrawing town that the Committee has drawn up an amendment to the agreement providing for the Town's withdrawal (enclosing copy of such amendment). The selectmen of the withdrawing town shall include in the warrant for the next annual or a special town

meeting called for the purpose, an article stating the amendment or the substance thereof. Such amendment shall take effect upon its acceptance by the withdrawing town, acceptance to be by a majority vote at a town meeting as aforesaid.

**C) Cessation of Terms of Office of
Withdrawing Town's Members**

Upon the effective date of withdrawal, the terms of office of the members serving on the Regional Refuse Disposal District Committee from the withdrawing town shall terminate and the total membership of the Committee shall be decreased accordingly.

D) Apportionment of Capital Costs After Withdrawal

The withdrawing town's annual share of any future installment of principal and interest on obligations outstanding of the effective date of its withdrawal shall be computed in the same manner as in Section III (E) until the impending obligations are satisfied. Due dates of payments shall be in the same manner as specified in Section III (H).

SECTION IX – EXHAUSTED LANDFILL SITE

Completed landfill site(s) shall be returned to the host town, at no cost, completed and covered in accordance with standards established by the State of New Hampshire. The returned landfill site(s) shall be used only for public purposes by the Conservation or Recreation Commission of said town and shall not be sold or developed.

SECTION X – INACTIVE LANDFILL SITES

Inactive landfill sites, that have not been exhausted, shall for twenty (20) years, remain and be maintained by the Regional Refuse Disposal District. The site shall be maintained in accordance with State Standards and Regulations as well as District Regulations. The site shall not be detrimental environmentally to the surrounding area.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Hollis qualified to vote in district affairs:

You are hereby notified to meet at the Walters Auditorium in said district on the fourth day of March, 1974, at eight o'clock in the afternoon, to act upon the following subjects:

1. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any officers or agents of the district.
2. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.
3. To choose Agents and Committees in relation to any subject embraced in this warrant.
4. To see if the district will vote to authorize the School Board to make application for and accept on behalf on the school district any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire or from any other source.
5. To see if the district will vote to adopt RSA 60:31-39 Absentee Voting at Municipal Annual Meetings.
6. To see if the district will vote pursuant to RSA 31:105 to provide indemnification for school administrators, school board members, district officers or agents, from personal loss or expense including reasonable legal fees and costs, if any, arising out of any claim, demand, suit or judgment by reason of negligence or other act resulting in accidental injury to a person or accidental damage to property providing the indemnified person was at the time of the accident within the scope of his employment or office.
7. To see if the school district will vote to authorize the school board to purchase a comprehensive general liability insurance policy in order to protect the school district officers, administrative staff and itself against personal liability suits.

8. By Petition: To see if the school district will authorize and direct the Moderator to appoint a committee to study the feasibility of constructing a music facility, for use by school and community, said committee to present a report and recommendation at the next annual district meeting.

9. To see if the district will vote to accept the budget submitted by the budget committee, and pass any vote in relation thereto.

10. To see if there is any other business to come before said meeting.

Given under our hands at said Hollis this 14th day of February, 1974.

SYNOPSIS OF SCHOOL MEETING

March 5, 1973

The annual meeting of the Hollis School District was held with approximately 215 people in attendance at the Walters Auditorium. Moderator Hammond called the meeting to order at 8:00 p.m. with the reading of the warrant. The prayer of invocation was given by school board member, Leo Lutz.

1. Voted to act on this article with Article V.
2. Voted to accept all reports as printed in the School Report.
3. Voted to pass over this article without action.

4. Voted to authorize the School Board to make application for and accept on behalf of the School District any or all grants or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government or from the State of New Hampshire or from any other source.

5. Voted to raise and appropriate the sum of \$1,235,258.25 for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of statutory obligations of the district.

6. Mrs. Shirley Cohen was given a rising vote of thanks for her tireless efforts for service on the School Board.

Mr. Saunders announced a meeting to be held to discuss high school curriculum, vocational training, humanities, and a future meeting to discuss the middle school.

The motion to adopt the articles was declared by the moderator to have been adopted in the affirmative. On a motion by Mr. Clark, seconded by Mr. Simonds, the meeting was recessed until after the close of balloting on 3/6/73.

A true record attest:

W. Boyd Weston
Clerk of the
Hollis School District

ANNUAL ADMINISTRATIVE REPORTS

Report of the Superintendent

While change is in the order of things, there are some recent developments in the field of education which are attracting more than normal attention in New Hampshire. Perhaps that which has made the headlines most consistently is a voucher plan for which the State Board of Education has approved a feasibility study. The federal government has given some assurance that it will underwrite the initial costs of such a project. If ever adopted as an integral part of the educational process, it ultimately would mean that the local districts would have to provide funds once federal support is withdrawn.

Proponents of the voucher plan feel that by introducing an element of competition into the educational system, the overall quality will be improved. The voucher can be viewed as individual parents' assets which they could spend in selecting an educational program which they felt was best for their children. Although the state traditionally has been considered as being responsible for education, the voucher system assumes that each family has the right to choose its own educational program, provided this right does not infringe on the rights of others. The proposal for New Hampshire would give parents the freedom to send their children to either public or non-sectarian private schools. The amount of money that would be available to parents would be equivalent to the per pupil cost within the district.

Related to a system of vouchers is the matter of educational accountability, which is being given serious consideration at this time by the State Department of Education. Through some means of measurement, not yet established, the goal of accountability is to improve education. By being able to determine the effectiveness of the public schools, it is thus hoped to be able to correct any deficiencies which may exist in a particular school system. Presumably difficult to precisely relate financial cost to educational outcomes, there is some possibility that the state legislature could use the results of any valid measurement in determining the allocation and expenditure of public funds for education.

Regardless of terminology, educators for years have attempted to assess educational outcomes. While the results sought were not always primarily designed to relate to financial cost, nevertheless it very often was a by-product. Although it could not always be proven satisfactorily

that money bought what could be considered good education, it was generally demonstrated that the higher the investment, the greater the return. Among the questions that remain to be answered, however, are those that relate to the distribution of funds within a school district in order to promote the most desirable outcomes. Because of the constant changes in society, decisions will not come easily. Much more research will have to be conducted before the expenditure of educational monies can ever approximate an exact science, if ever. As long as people make up society, we can assume that the process of trying to equate the spending of money with something as intangible as educational outcomes will tax the minds of men for years to come.

Supervisory Union 40, consisting of Amherst, Brookline, Hollis, Milford and Mont Vernon, will be reorganized, effective July 1, 1974, in keeping with a vote in November, 1973, of the State Board of Education. The new alignment will result in the formation of Supervisory Union 41, consisting of Amherst, Brookline and Hollis, and a new Supervisory Union 40, with Milford and Mont Vernon sharing facilities and resources. The reorganization is in conformance with recently-developed guidelines designed to improve services offered by a supervisory union. The new arrangement should contribute to closer liaison between the superintendent and the professional staff in each district.

ADMINISTRATIVE REPORT OF THE HOLLIS ELEMENTARY AND MIDDLE SCHOOLS

The calendar year 1973 has been an extremely busy year for the entire educational community. A great deal of time has been spent on equipping, grouping students for instruction, in-service training, and the actual move into the new Middle School, while at the same time trying to keep the present schools operating in smooth fashion.

The students were released from school one Wednesday afternoon per month from January through May while the teachers stayed in the schools for Inservice Training. The sessions ran from 12:30 to 4:30 p.m. and covered Individualized Instruction, Team Teaching, Communication Skills, and one day was spent visiting other Open Concept Schools in New Hampshire.

The sixth graders from Hollis and Brookline attended the Conservation School at Otter Lake in Greenfield, N.H. This week-long educational and social experience gives the sixth graders of the two communities a chance to meet before coming into the new Middle School as seventh graders. The youngsters are accompanied to Conservation School by their respective teachers.

The Annual Hollis Cleanup Day was again organized by the fifth grade Civics Club with Miss Carole Aliskevicz as faculty advisor and a great deal of help from Mr. Jeffery Smith. The students assigned routes to the volunteer truck drivers, students to help each driver; made posters and wrote newspaper releases for publicity; collected donations for refreshments; made arrangements with the Hollis Women's Club, who made the refreshments available on Cleanup Day.

The Civics Club under the direction of Mrs. Jane Savage, faculty adviser and Jeffery Smith developed a Nature Trail and guide book. The trail is in back of the Elementary School for use by classes at the school and any other interested groups or individuals.

This fall 30 visitors from surrounding towns came to visit and view the science trail and were shown a slide-tape presentation on the development of the Nature Trail. The slides were taken by Mr. Arthur Whitty, and the narrative was done by the Civics Club students. Students Larry Mitchell, Cheryl Morrill, Colleen Hogan, and Terry McManus put a great deal of time and effort into this project and served as tour guides for the visitors.

Miss Carole Aliskevicz and Mrs. Mildred Moody were honored in the spring by inclusion in the book: Outstanding Teachers in America. I

congratulate both teachers on their selection, as both teachers have done a great deal for the students of Hollis.

In early June, all incoming first graders were administered the Gesell Readiness Test by Miss Phyllis Gray, Mrs. Martha Philbrick, and Mrs. Ruth Kinsley. The test is an individual test and is used to recommend to parents the youngsters who's needs will best be met in the Readiness Room the coming year and then will be placed in first grade the following year.

The Elementary School was visited in the spring by the New Hampshire State Department of Education. As a result of this visit, the school is one of a very few Approved Elementary Schools within the state. This was made possible by the citizens of Hollis providing the finances to staff and equipping the school to meet State Minimum Standards.

During the summer, the following curriculum work was done: Mr. Carl Shaw and Mrs. Lillian Lund worked for two weeks on a Language Curriculum to be used as part of the seventh grade humanities program.

Mr. Charles Twitchell and Ms. Liane Apostolos worked for two weeks on the eighth grade humanities program.

Miss Carole Aliskevicz, Miss Phyllis Gray and Mr. Carl Shaw worked for four weeks on a Math Curriculum for Grades one through six. They listed all of the skills at each grade, divided each grade into various levels (steps), developed tests to check the skills at each level, and made a list of supplemental activities.

In June all books and educational materials were boxed and marked by the teachers, and students for transportation to the New Middle School. At the end of school, Mr. Wadleigh, custodians and teachers moved all educational material and furniture to the Middle School in anticipation of the September opening.

In early August, the School Board met with the school administrators to discuss the crowded conditions that were going to exist at the Middle School. It was decided to create a classroom in the Resource Center (Library), make Mr. Robert McGettigan a full-time Assistant Principal and hire one additional teacher in lieu of returning eighth graders to the High School.

The last week in August, all teachers reported to their respective schools for a week of Inservice Training and work time in the schools. In addition to the usual paper work that has to be accomplished, the Elementary teachers had a Reading Workshop run by Mrs. Betty Hall, Union Reading Consultant.

The Middle School teachers met in Grade Level Teams with administrators and worked in their learning areas organizing for the September opening. Seventh and Eighth grade teachers spent a great deal of time in scheduling students. This was the first time teachers had been involved in scheduling, and I feel that the needs of individuals were of more concern in placing students than was the practice in the past.

During the last Spring and Summer, Mrs. Richard Navaroli and her co-chairmen of the Hollis Parent Volunteer organization invited Brookline parents to join with them in assisting the schools. The name of the organization was changed to the Hollis Area Volunteers and now has Hollis and Brookline citizens helping in all aspects of the school.

The Middle School Advisory Council was begun in late Spring. A questionnaire was sent out to Hollis and Brookline parents via students in which we asked for volunteers. From the replies (we selected everyone), two teachers, two students, a representative from the Superintendent's Office, two Hollis School Board Members, three representatives from Brookline and citizens from Hollis.

This Advisory Committee makes us aware of concern they have in the Middle School as well as a chance for us to explain problems and concerns we have in the daily operation of the school. The major objective the committee is for better community and school communication.

This year we have a Special Education Team which meets bi-weekly. It is composed of Mrs. Annabelle Johnson, Special Education grades 1-4, Mrs. Inez Morrison, School Nurse, Mrs. Dorothy Thistle, Health Aide, and new personnel this year, Mrs. Cynthia McDowell, Learning Disability grades 1-4, Mr. Paul Campelia, Learning Disabilities, grades 5-8, and Mrs. Marie Sigman, Guidance Counselor, grades 1-8. This team meets to discuss problems of individual students and areas of curriculum concerning Special Education.

The Middle School has been involved with Project Solve (a federally funded program) in a Producer-Consumer Program. Through this program we have expended \$1200 in Inservice Training. We've worked on 7th and 8th grade Math, Science Curriculum for developing Oceanography, Humanities for Grade Eight, and a six hour session after school on value clarification.

This year the teachers again asked students to bring in canned goods (Grades 1-4) and any cash donation in grades 5-6 to provide Christmas Food Baskets in cooperation with the Church Deacons in place of gifts

to teachers. Again this year it was very productive.

After school activities have started at the Middle School through the efforts of Miss Eleanor Harriger, Mr. Carl Shaw and Mr. Edward Bailey. They experience girls in intramural basketball, boys intramural basketball, Square Dancing and Modern ballroom dancing. In January, they will have two nights of Volleyball and three nights of gymnastics and a continuation of Square Dancing.

One of my biggest concerns is the number of study halls at the Middle School. We presently have 13 study halls per day covered by aides. This is necessary because of the lack of professional personnel. Hopefully this will be corrected next year.

I wish to thank all the teachers, teacher aides, secretaries, students, hot lunch workers, custodians, HAV volunteers and parents for the extra work in making the Middle School opening as smooth as possible. It required extra hours on the part of a lot of individuals.

A special thanks to the following:

Mr. Richard Navaroli, Fire Department for assistance in running fire drills, fire retarding Christmas trees, running the fire extinguisher for school teachers and for his assistance in running the First Aid Course at the Middle School.

The Hollis Woman's Club for its donation toward a book series for the Middle School Library, and the delicious buffet provided the teachers on Thursday during the August Workshop.

Mr. Paul Sipe and his committee for the over \$900.00 collected thru cash donations from Hollis Citizens for buying books for the Middle School Library. A special thanks also to those citizens who so generously donated.

To anonymous donors to the Middle School Library and for the potters wheel for the Art Room.

To the hours put in by the Middle School Advisory Committee at meetings and on Special Projects.

To the HAV's for their help in better meeting the needs of individual students and teacher assistance.

To the Hollis School Board and Hollis Citizens for their support (both moral and financial) in providing a positive atmosphere in which to carry on the business of educating your youngsters to live and operate in today's demanding society.

ADMINISTRATIVE REPORT OF HOLLIS HIGH SCHOOL

The 7th - 8th grades have moved to the new Middle School creating more flexible use of space at the High School, and a more relaxed atmosphere due to less crowded conditions.

The white building continues to be used for Art, French, Spanish, German, and the study halls.

Mr. Gerald Wilkins was elected to assist the principal in supervision of students and to assume responsibility for the building when the principal is absent.

Miss Susan deStueben replaces Miss Jane Thurlow in the business curriculum, Miss Thurlow is presently studying for an advanced degree in England.

New Teachers: Miss Howes in humanities; Mr. Cawley in humanities; Mr. Burritt in math.

Mrs. Inez Morrison and Mrs. Dolly Thistle travel back and forth to the 3 school buildings. A nurse is on duty at the High School each morning for the 1st two hours of the day, and is on call for emergencies thereafter.

The kitchen staff is transporting lunches from the High School to the Middle School.

Mrs. Rangle resigned as an aide and will move to Texas. Mrs. LaCroix has replaced her as a Teacher aide.

HOLLIS AREA HIGH SCHOOL

CLASS OF 1973

Elizabeth Avery	Franklin Pierce College
